You insert three tokens, hit the spin knob, and push the reel stop buttons. This sequence is called a "Game." Let's say, "You may need 20 games to get a Big Bonus" -- This means you need to repeat this sequence 20 times until you win a Big Bonus

Babel offers two principal prizes -- a bonus round and small prizes. A bonus round divides into a Big Bonus and a Regular Bonus, and small prizes consists of the Bell, the Plaque, the Cherry and a Replay. For the details of a Big Bonus and a Regular Bonus, see "[Big and Regular Bonuses](#)" in the section "Pachislo World" on <www.bigbearpachisloshop.com>.

 is called "Cherry" -- when you have a cherry on the left reel, you win two credits no matter what symbols you have on the right and middle reels.  is a symbol "Jac."  is a prize "Replay" in normal game mode and a "Jac-in" during a bonus round.

How to Win?

Understand you never win a Regular or a Big Bonus out of blue -- you must go through a winning process. That is, you play "Normal Games" first, get a "Winning Sign," and move on to "Stand-by Games" that offer you chances to win a Regular or a Big Bonus. For details, see ["How to Win?"](#) in the section "Pachislo World." Also see ["Winning Signs and Small Prizes"](#) to win small prizes.

Winning Signs

To win prizes, you catch winning signs displayed on the 4th reel and shoot the right symbols. In other words, you need to know a variety of machine actions that represent winning signs for oncoming prizes. Here are examples.

4th Reel Description

A Secret of the Seal

When the Seal appears with <V> on the LED display, it's a sign for a Reg/Big Bonus!

A Secret of the Crest

When the Crest appears three times in a row, it's a sign for a Reg/Big Bonus oncoming in next 10 games!

Other than the 4th reel, Babel tells you an oncoming bonus round with the symbol "Cherry."

A Secret of the Cherry

When the Cherry keeps appearing in this patten, you can expect a Reg/Big Bonus oncoming!

To get more credits from a Big Bonus...

For advanced players, here are some tips.

(1) When the 4th reel stops the lion, you nail  on the left reel first. This way you can win 5 tokens.

(2) To avoid a Jan-in, watch out the turtle. When it comes, stop the right and middle reels first, then, shoot the double <white 7> (the same symbol as above) on the left reel.

Here are tips to earn full-credits from a Big Bonus.

Eye Shooting

To enjoy Babel to the fullest, you might want to try the eye shooting. For details, see '[Eye Shooting](#)' in the section "Pachislo World."
