Three Game Modes and Machine Actions

On the LCD, you are in one of three game modes. In each mode, you see signs for oncoming small prizes.

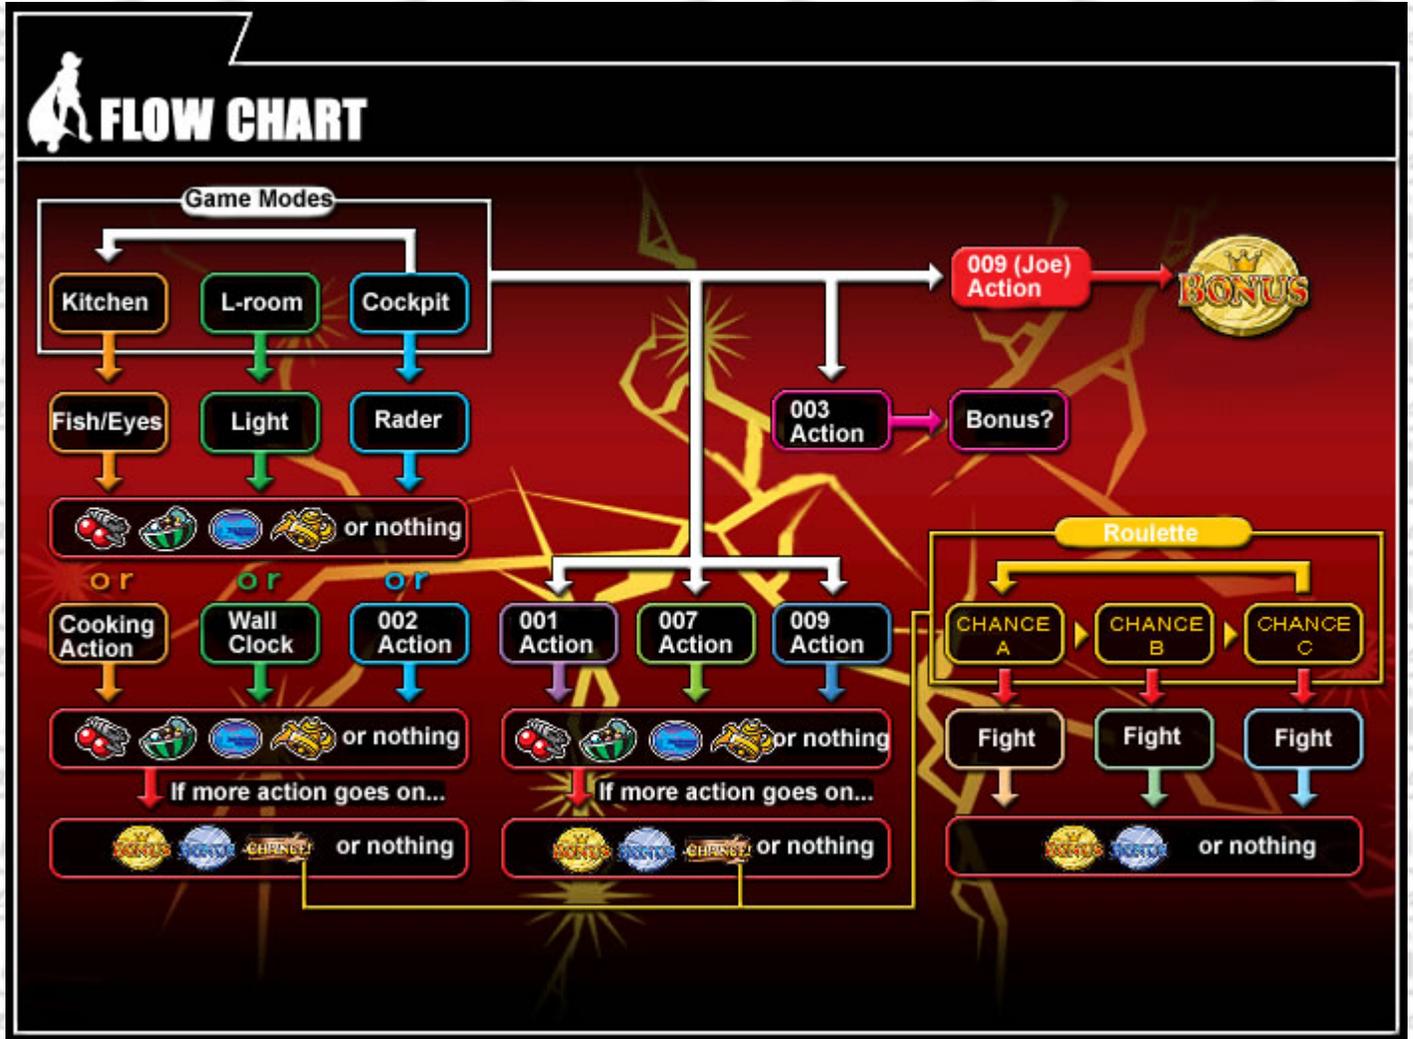

The color of each object corresponds with the prize.

If you see a sign and do not win anything, it may lead to a bonus round in near future!

Here is the flow chart of the game.

Reel Action

Other than the LCD, you see signs for oncoming prizes in reel actions -- (1) the way reels start spinning and (2) on-off patterns of reel lights.

Here is the cast of each character of Cyborg Soldier
